

Wednesday 18th October 23

Dear Parents/Carers of children in Year 3

There are many wonderful benefits of reading as a child, and reading for pleasure not only benefits their education, social and cognitive development but also their well-being and mental health.

We have therefore organised a visit to the Gainsborough Library for the Year 3 children in Elder and Cedar Class on Wednesday 8th November. Whilst there, your child will learn all about the library and the class will choose books with their class library card to share within school. Children will walk to the Gainsborough Library and will be back in school for the end of the school day as normal. Children will be having their lunch in school as normal. Please can you make sure your child comes to school on the day with a coat and suitable shoes for walking to and from the Gainsborough Library.

If you have any concerns about the school trip, please contact White's Wood Academy's school office by Monday 6th November

Thank you very much.

Kind regards,

Miss G Cartwright
Class Teacher (Cedar)
